

What is Rotaract?

Rotaract is a global organisation that empowers students and young professionals to create positive and lasting change in themselves, their local community and around the world.

Rotaractors help, learn, and enjoy. We help those in need, learn through professional development opportunities, and enjoy social activities.

Rotaract (which stands for Rotary in Action) is a Rotary-partnered service club for young people aged 18 to 30ish. Rotaract Members share a unique passion for taking action through not only ideas but planning and execution of projects and events. Where others see problems, we see solutions.
