

Maitland City Council has established a Walka Water Works Community Liaison Group (CLG), to work with Council for the duration of the Stage 1 works and continued reopening of the site.

The purpose of the CLG is to be one of the ways that two way communication and engagement is enabled between Council representatives, its partners in the works and representatives of the Maitland community.

Due to a change in circumstances, the previously filled position of 'local resident with environmental expertise' has recently become vacant.

As outlined in the Terms of Reference, the Walka Water Works CLG is comprised of up to 15 representatives of the community, limited to the categories and number of positions outlined below. Only the position of local resident with environmental expertise is available for submissions.

Expressions of interest close **14 June 2023**.

For more information and to view the terms of reference, visit **mait.city/walkawaterworks**
