Ongoing Operations Phase

Ongoing Operations - Option 1

(applies to the following types of development)

- Single dwellings
- Dual Occupancy and Medium Density Housing – Individual Storage Areas
- Construction of outbuildings, such as garages, carports and sheds
- Dwelling alterations and additions
- Fences and retaining walls
- Swimming Pools
- Water Tanks
- Proposals involving minor construction
- Change of use applications involving minimal construction

Who is going to collect the waste and recycling generated by this development?
(tick applicable)

- ☐ Council General Waste Collection (Green bin)
- ☐ Council Recycling Collection (Yellow bin)
- ☐ Private Contractor Council

Ongoing Operations - Option 2

(applies to all development excluding those categories nominated under Option 1 above)

Describe how you intend to ensure ongoing management of waste on site

1. The site currently operates as a single dwelling- at the completion of the proposed works, the site will continue to operate as such.
Currently waste generated onsite is collected and disposed of in the three
council provided bins. The bins are stored onsite in a position convenient
2. to the owner occupiers in a position not visible from the street frontage.
At the completion of the works, it is anticipated the bins will be stored to the
rear of the proposed garage.
3. _____

4. _____

5. _____

6. _____
