Subdivision Works Certificate - Council

In NSW the provision of these services is generally contestable with private certifiers apart from where certain building constructions have been gazetted as only being certifiable by councils. Where that category is not contestable, it should be interpreted to mean potentially contestable. That is, even if there is no private certifier practicing in your council area, GST should be charged for the issuing of these certificates.

Building Inspection Fees and Charges

Critical Stage Inspections are those inspections that are required to be conducted by the Principal Certifying Authority (PCA) throughout the construction phase of a development in order for the PCA to issue an Occupation Certificate at the completion of the works. Each and every critical stage inspection MUST be carried out, however, in certain circumstances and where appropriate, some inspections may be conducted concurrently. Where inspections are conducted concurrently only one (1) inspection fee is applicable. The following table is intended as a guide only and additional inspections or re-inspections and fees may be required by Council at any stage in order for Council to issue the Occupation Certificate.
